

HARMONY SALES HUB LAUNCH

More than 100 builders, business people, government representatives, curious locals and future residents gathered in Palmview for the launch of AVID Property Group's Harmony sales hub. Harmony is the Coast's latest masterplanned community, and at 378 hectares is a significant development. Attendees at last week's launch learned about the future of the development and were given a taste of the soon-to-be-opened display village, which will consist of 43 homes created by 25 local and international builders.
